

DEMO SESSION / HANDS-ON TEST (LAPTOP)

SSG Simulation Platform: Demo User Test

Role pack. This single file contains a separate, self-contained test form for each of five roles. Print only the pages for the role a tester is assigned, or print the whole pack.

Forms in this file, in order

1	Blue Team Facilitator	Sections A to I, about 4 pages
2	Red Team Facilitator	Sections A to I, about 4 pages
3	Green Team Facilitator	Sections A to I, about 4 pages
4	White Cell (Lead or Support)	Sections A to I, about 4 pages
5	Notetaker (Blue Team)	Sections A to I, about 4 pages

Each form includes Section C, The Full Cycle, which walks a tester through creating an item, sending it, and receiving the feedback or status back. That section needs another participant or operator to act, so coordinate it during the session. Suggested staffing for the one-team rehearsal: one Blue Facilitator, one Red Facilitator, one Green Facilitator, two Notetakers, and one or two White Cell operators.
